English Lesson

Just kidding
I was just joking.
It's just a little Nezumi-style joke to celebrate your birthday
Hm? What?
I got you this flower too, you know?
So happy you can't speak?
Ah I see You don't know what I love you means huh? Well then again your English score is just around 21
I won't accept it.

If you said that it was just for my birthday...
Ah?
Or it was just a joke...
Nezumi
Me too
...This,
This is no joke
After that, Center said, "I love you too."
